

Port Alberni Association for Community Living

**PAACL NEWS**

## HOME SHARE OPPORTUNITY

Are you passionate about making a REAL and positive difference in peoples' lives? If so, you may be interested in becoming a Home Share Provider with the Port Alberni Association for Community Living (PAACL).

We are actively seeking families, couples and/or individuals who are interested in sharing their homes with individuals who have developmental disabilities; supporting them to contribute to, and participate fully in their communities. PAACL meets with all potential Home Share providers, conducts home health & safety assessments and provides a

full orientation to scope and care of a carefully matched individual.

The Port Alberni Association for Community Living (PAACL) is a non-profit society that has supported adults with developmental disabilities in the Alberni region for over sixty years. We are currently looking for Home Share & Respite Providers in the Alberni area.

Home Sharing is such a positive & rewarding experience for both the Home Share Provider and the Home Share Resident.

If you are interested or would just like to obtain more information, please contact our Home Share Program at:
