

PAACL is looking for Specialized Home Shares!

HOME SHARING

AN OPTION FOR SUPPORTED LIVING

Aside from the continual need for Home Shares, there is currently an urgent, additional need for Specialized Home Shares; Caregivers that have experience with behavior support planning and do not have indoor pets or young children.

Home sharing is an opportunity for families to open up their home and experiences through the dynamics of family life. Supported individuals have the chance to learn, grow and develop new relationships with family and friends. It is a unique setting that often sees not only the supported individual personally grow, but also everyone in the family as well.

The Home sharing process involves making sure that family and supported individuals are a good match. Some factors that the program considers before a placement is made are shared interests, experience, time commitment and the family dynamics.

If you would be interested in becoming a Home Share Provider and meeting the needs of individuals as mentioned above, please contact the PAACL at 250-724-7155 or email at homeshare@paacl.ca for more information. We are looking to facilitate this support in the Port Alberni, Parksville/Qualicum and/or Campbell River areas.
